

OIA/TECH-45/79
20 September 1979

MEMORANDUM FOR: Chairman, EXSUBCOM

SUBJECT : Available Imagery Viewing Equipment

1. The Office of Imagery Analysis, CIA has available the somewhat outdated, but well-maintained, imagery viewing equipment described in the attachments. EXSUBCOM members may find application within their exploitation offices. Specifically available are the following:

8 Interchangeable Rhomboid Stereoscopes w/cases

4 Elgeet Microscopes (monoscopic)

10 Wild M-5 Microstereoscopes

2. If interest exists, arrangements for transfer may be made
with me or

CIA Representative, EXSUBCOM
